## December STUDY

At North Highlands,  
our mission is simple:

### *To live in everyday pursuit of Jesus.*

This month we have set out to live in everyday pursuit of Jesus by studying the Bible and praying together.

For each day's reading consider asking these questions of the passage for personal reflection and/or group discussion:

### Study Questions

What does this passage teach you about God? His nature, His character, or His work?

What does this passage teach us about people? The way things are or the way things should be?

Since this passage is from God, how must you change?

How might this passage point you or others to Jesus?

Who in your life might like to hear what God is teaching you?
